

CELP Activity Groups

Before your school arrives at Howlands Landing, please divide your students into CELP activity groups. The groups need to be as even as possible. We recommend, but do not require, that you mix boys and girls in your CELP Groups whenever possible. We also strongly suggest that you spread out students who require extra attention into the various CELP Groups, rather than placing them all in one group.

Please send this completed CELP Group List *two weeks prior* to your arrival. This list should include student names, their pronouns, as well as any special information (i.e., restrictions, learning challenges, health concerns, discipline issues, etc.) for each student. **This information is shared with the instructors of each group.** The more information we have about your students, the more effective our instructors will be. We encourage all students to attend CELP and we request to be informed of any students in your group with special needs of which our instructors should be aware. This will help us provide a safe and valuable experience for everyone.

Please divide your students into CELP Groups of 11-15. Use additional sheets as needed. Students should be aware of their group number prior to arrival. At least one, and no more than two, chaperones must be assigned to each group.
